

```
function f1() {
    var n = 999;

    function f2() {
        console.log(n++);
    }
    return f2;
}

var result = f1();

result();

function f1() {
    var n = 999;
    function f2() {
        console.log(n++);
    }
}
```

```
var n = 999;
function f2() {
    console.log(n++);
    }
    return f2;
}
var result = f1();
result(); //输出多少?
result(); //输出多少?
```
